You don't need permission for me ;-)

I've not upload yet, but I've put it on my list and will let you know....

Hi Brian,

Great chatting this morning. Ved and I are hoping to add a few of the photos and video from Radford and McAlester to our lab's webpage, and are wondering whether we need to get permission from you or the Army before doing so. Also, were you able to upload a few of the flight videos to the shared drive? I believe Dave and I can files those in our flight records archives as well. I've been going through the telemetry and DJI app flight data as well. Here's the link: <https://drive.google.com/drive/folders/0B9oPK24Z5xt0VHZFOXdLR2RhR3c?usp=sharing>.

Regards,

Ron
